There also appear to be no stopping signs and at least 2 RVs (not sure if they are operational) that probably need a coordinated tow with LASAN.

Greetings,

Would it be possible to schedule and coordinate a UHRC lead cleanup of Llewellyn Street now that the Llewellyn construction (development on south side of Llewellyn, Main to Rondout Street) is scheduled to start. K-Rail and fence can be schedule to be installed same day per the LADOT approved Traffic Control Plan.

Thank you,

Re: Llewellyn Street Clean up / Installing of K-rail

As discussed, now that our Traffic Control Plan (TCP) has been approved by DOT, and pending the receipt of the permits to install the K-Rail and post signage (expected tomorrow or Friday), we will post Notice signs on both sides of Llewellyn Street that contain the following items:

Pursuant to Permit # (TBD) Effective Date Reason for TCP: New construction of 318-unit project Language that affirmatively states that anyone present after posting of the signs will be subject to 'cite and tow'.

PLEASE SEE ATTACHED EXAMPLE.

Once we obtain the permits (expected tomorrow or Friday), we understand that we must give 72-hour notice before we attempt to set the K-rail.

George, thank you as always for your assistance and thank you for trying to coordinate the Hope team as well.

Our tentative schedule is as follows:

Obtain permits by Friday, 2/22 Post signs by Friday, 2/22 Install K-rail on Tuesday, 2/26

We will also notify DOT about our plan as well.

Please reach out with questions or concerns,

Thank you,

-Alex
